

Nationwide Presence With A Proven Process

NAVCO's National Scope

As the largest privately-held national electronic security system integrator in North America, NAVCO operates from a nationwide network of locations strategically close to major business centers. This allows us to respond quickly and nimbly to our clients' requests, whether on a local, regional or national scale.

Your Business Security Source

NAVCO has the national reach and expertise to handle your complete business electronic security needs, from large, national, multi-site and multi-technology custom design projects to single-unit corporate headquarters. And we are committed to designing solutions when implemented today, will work with tomorrow's technology.

Industry-Leading Service

Highly-trained on the technologies we provide, NAVCO service representatives typically respond within four hours of a service call for more than 90% of cases. With a 98% first-time fix rate and the right equipment on hand, we reduce the number of service trips and get our clients' security systems up and running quickly.

NAVCO offers two flexible service contracts to meet a variety of needs and budgets:

- > Annual Service Contracts
- > Pay-Per-Call Contracts

Success At Every Stage

NAVCO provides project management at every stage of project implementation. For larger, multi-site projects, this includes ongoing status reports that keep the client informed of the project's progress. Our expert project management allows us to meet critical

timeframes, improve efficiencies, control costs, and maximize success.

If you're looking for a business security specialist with solutions prepared for today's and tomorrow's security challenges, contact NAVCO today. NAVCO...Securing Your Future.

The NAVCO Process: Driven By Your Business Security Needs

More than an electronic security vendor, NAVCO serves as your value-added partner dedicated to ensuring your business security solutions are aligned with your overall business strategy. We do this by implementing The NAVCO Process.

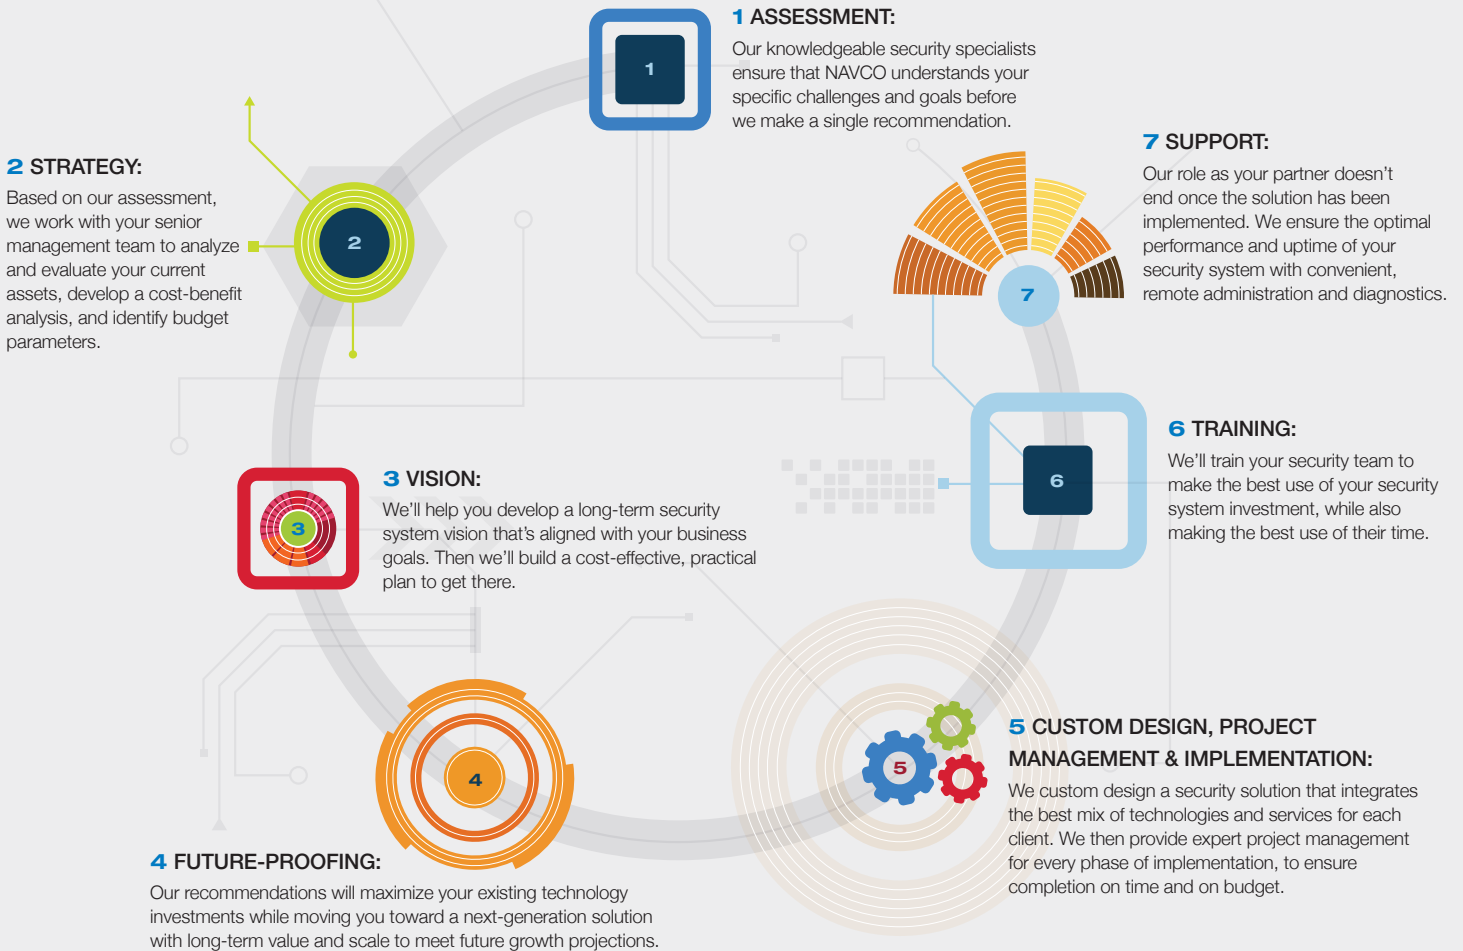

Securing A Global Financial Services Firm

A leading global financial services firm with assets exceeding \$2 trillion and more than 200,000 employees came to NAVCO with significant logistical challenges including the addition of 3,000 newly-acquired sites. Serving as the client's single source for their video system requirements, NAVCO provided consistency and uniform standards while overseeing the video system conversion. By eliminating the need to hire additional employees to manage multiple vendors, the client realized significant savings and a faster conversion.

NAVCO converted 3,000 locations to the client's video system standards in one year!
